SUMMARY:

- MERN Stack Developer with one year of experience delivering robust and scalable web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, adept at translating business needs into efficient and innovative solutions.

EXPERIENCE:

Systems Engineer Trainee
Infosys Mysore, Karnataka
(08/2022 - 02/2023)

- Worked as Intern and MERN Stack Web Developer in Infosys.
- HTML, CSS, JavaScript, Bootstrap, React.js, Node.js, Express.js, MongoDB, API's, AWS, SQL, Java
- Applied acquired skills in projects, showcasing practical knowledge in software development.
- Ready to contribute effectively to dynamic projects and teams, with a strong foundation in diverse programming disciplines.

TECHNICAL SKILLS:

- **Programming Languages** = JavaScript, Java
- **Front-end development** = HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, Redux, Next.js
- **Back-end development** = Node.js, Express.js, APIs, REST API's, AWS, Core Java
- **Database Management** = SQL, MongoDB, Oracle Database
- **Version Control** = Git, GitHub
- **Development Tools** = VS Code, Eclipse

PROJECTS:

1. **E-Commerce Website.**   **Live Link**

   - Designed and developed a seamless and intuitive e-commerce website using HTML, CSS, and JavaScript, with enhanced user interface and experience. Implemented React.js for dynamic and responsive front-end interactions, ensuring a user-friendly and aesthetically pleasing online shopping platform. Demonstrated strong skills in web development to create an engaging digital storefront.

2. **Personal Portfolio Website.**
   - Designed and implemented a personal portfolio website using HTML, CSS, and JavaScript, showcasing creative and responsive web design. Integrated React.js to enhance user interactivity and provide a seamless browsing experience. The website highlights my skills, projects, and achievements. A dynamic representation of my work, demonstrating proficiency in Front End Development.

3. **Login And Sign-Up Form.**
   - created a login/sign-up web page using HTML, CSS, JavaScript, and React.js. If the user clicks the "Sign Up" button, they can access the sign-up page, and if they click the "Login" button, they will be directed to the login page.

4. **To-Do List.**
   - Created a dynamic and user-friendly Todo Form website utilizing the MERN (MongoDB, Express.js, React.js, Node.js) stack. Implemented seamless data management with MongoDB, built a responsive front-end with React, and ensured smooth server-side functionality using Node.js and Express.js.

EDUCATION:

- Bachelor of Engineering. (6.76CGPA)
  Visvesvaraya Technological University, Belagavi.
  Karnataka (08/2022)

- H.S.C. (12th). (77.66%)
  Sri Chaitanya PU College, Bellary
  Karnataka (08/2017)

- S.S.C. (10th). (77.26%)
  SMV High School, Koppala
  Karnataka (08/2015)

CERTIFICATES:

- Infosys Service Certificate in Full Stack Web Development.

LANGUAGES:

- English, Kannada, Hindi, Telugu

PERSONAL STRENGTHS:

- Quick Learner
- Positive Attitude
- Hard Work

HOBBIES:

- Playing Cricket
- Sports
